

**2021 Camp Information &
Registration Forms**

A Message from the Camp Director:

MASK UPDATE 3/5/21: At this time, we still plan to require campers to wear a mask, should this change we will inform those who are registered.

Dear parents,

Thank you for registering your children for summer camp and continuing to support the Naranjo Museum of Natural History. This year we hope to proceed with the full 8 weeks of camp and will continue to provide a fun and safe camp experience.

Since our camp functions much like a classroom, we have monitored the actions of the local school systems regarding their COVID-19 protocols for their students. We are also following updated protocols and recommendations set by the State of Texas for Day Youth Camp Operations in 2021.

This summer, we are requiring campers to wear masks during camp. Masks must be provided by the parent to ensure a comfortable fit of mask/face shield for the child. Like last year, museum staff/volunteers will be wearing masks and will help make sure campers keep their masks/face shields on. Campers will be able to remove masks while eating and during outdoor play.

We understand the inconvenience these protocols may cause to you and your family, but please trust that these precautions are necessary to create as safe of an environment as possible during the COVID-19 pandemic.

Working together, we can make this a fun and safe experience for campers. We look forward to seeing kids come to camp and take part in the fun activities we have planned.

Thank you so much,

Veronica Amoe
Camp Director/Museum Manager

COVID-19 HEALTH PROTOCOLS FOR PARENTS AND CAMPERS

Please read before registering your child for camp.

Masks

- Campers are required to wear a mask or face shield during camp.
- Parents will be responsible for providing an appropriate mask or face shield for their child. This will allow flexibility for each child to wear a mask that fits their needs, fits properly, and is as comfortable as possible. Adults will also be required to wear masks or face shields when in the museum for drop off/pick up.
- Masks/face shields may be removed during lunch breaks or during outdoor play when engaging in appropriate social distancing.

Social Distancing and Crowd Limitations

- The number of campers per week will be limited to 10 campers.
- No more than two campers per classroom table.
- Teachers and assistants will remind campers to remain separate.
- No partners or group projects.
- Only campers and staff will be allowed in the classroom.
- Museum staff will sign-in for parents during drop off/ and pick up
- Campers will keep a distance from other visitors when in the exhibit hall. Campers will go on exhibit hall tours earlier in the day to avoid potential crowds.

Health Monitoring

- The temperature of all campers will be measured before entering the museum during drop-off; any camper exhibiting a fever of 100.4 or above will be sent home with their parent or guardian. Campers must be without a fever above 100.4 for 24 hours before returning to camp.
- The temperature of all employees will also be measured before entering the museum; any employees exhibiting a fever of 100.4 or above will be sent home. Upon entering the building, employees must wash or sanitize their hands. The museum is also putting extensive health maintenance requirements in place for employees to follow throughout the day.
- Should a camper test positive for covid-19 during or after attending the camps, we ask that parents inform Veronica Amoe immediately by calling 936-404-9202.
- Children showing any visible symptoms will be quarantined with supervision and a parent will be called to pick up their child.

Cleaning and Sanitation

- Upon entering the museum, campers must wash or sanitize their hands.
- Campers will wash or sanitize their hands often throughout the camp day especially before returning to the classroom from exhibit hall tours, bathroom trips, and before/after lunch.
- All staff who engage with campers will wear face masks.
- The museum is installing more hand sanitizing stations and instituting heightened cleaning protocols, including frequent environmental cleaning and disinfection of "high-touch" door handles, and restrooms.
- Camp classrooms will be cleaned and sanitized at the end of each camp day.
- Campers will have an assigned seat and space in the classroom.
- Campers are encouraged not to share personal electronic devices. Electronic devices cannot be used during the camp curriculum portion of the day.
- In order to create a possible "low touch" Before and After camp environment we will eliminate touch items like board games and building sets from the room. This summer we will provide coloring pages and activity sheets to younger campers and screen short movies for all ages. All campers will be permitted to use personal electronic devices during the extended day periods. Campers will be encouraged not to share personal electronic devices.
